## MADE WITH PASSION

EBRU grew for two generations of a sole proprietorship to a dynamic world player with key words as: Passion, Quality and Service. 2024 promises to be a creative year under the guidance of Yavuz and his mother Fatma,

They have been given the names : Signature, Elements and Heritage. Travel throughout the EBRU website and discover 44 years of passion for the branch, you will see the most innovative, handmade carpets and accessories that have been developed for you by EBRU. The use of the finest materials, the ongoing development of progressive designs and a wide range of challenging colours make sure that EBRU will continue to surprise you in the future.

## Signature

A collection of rugs that you can compare with haute couture. This collection only works with the very best and most exclusive materials, the finest knotting and traditional details. They are true works of art of craftsmanship. These rugs are exclusive and the number of craftsmen who can make them are scarce. All Signature carpets are handmade.

## Heritage

In this collection you can find classic patterns in new jackets, these are either handmade or machine-woven, after which the finish is done by hand. With this collection, EBRU remains true to its past and origins, but through the further development of the collection, new playful shapes, color combinations and pattern combinations have emerged.

## Elements

This collection is accessible, has a lower entry price level than the Signature, but does offer EBRU quality. This collection offers a wide range of sub collections so that there is something for everyone. This main collection includes hand-tufted, hand-woven as well as machine-woven carpets for the first time, there are 6 sub-collections
